## Teaching Triumphs: A Chronicle of Dedication and Excellence

Congratulations to Ms. Payal Khanna on successfully completing the AFS Global UP Educator Program! Her achievement reflects SRCS's commitment to fostering global citizenship and intercultural learning. At SRCS, our teachers continuously strive to upgrade their skills and knowledge, ensuring they are well-equipped to meet the diverse needs of learners in an ever-evolving educational landscape.

We take immense pride in celebrating the achievement of our esteemed faculty member, Ms. Monika Kumari, who recently performed at the closing ceremony of the International Yoga Festival 2025 alongside a group of talented Kathak dancers. The event, honored by the presence of Hon'ble Tourism Minister, Satpal Maharaj, showcased the profound impact of culture and art on a global stage. Under the guidance of her revered guru, Ms. Upma Shukla, Monika Ma'am, our dedicated Dance Teacher, continues to inspire the SRCS community with her passion for Kathak and various dance forms. We applaud her for representing the art with such grace on a prestigious platform and look forward to witnessing more of her remarkable accomplishments!

## 'Rainbow Bash: A Colorful Celebration!'

On April 22nd, the Rainbows students of M2 to Class 3 celebrated the last day of their final exams with a delightful class party. Bringing an assortment of snacks in their tiffins, they gathered around the tables to share, enjoy, and celebrate with their teachers. The day was filled with mixed emotions—while the joy of moving on to the next class was evident, the students also felt a heartfelt reluctance to part with their beloved teachers. It was a day of laughter, bonding, and cherished memories to mark the end of a wonderful academic year.

## A New Beginning: SRCS Welcomes Students of Classes 9, 10, and 12 to the New Academic Session

With the arrival of March 5th, 2025, a new academic session began at SRCS, marking an important milestone for students of Classes 9, 10, and 12. As they stepped into their new classrooms, a sense of anticipation and determination filled the air. For Class 9 students, this transition brings the excitement of stepping into the foundational years of high school, where academic rigor increases, and expectations rise. The shift to Class 10, a crucial board year, instills both motivation and responsibility, as students prepare for one of the most defining phases of their academic journey. Meanwhile, Class 12 students, standing at the threshold of their final school year, embrace their roles as leaders and role models, balancing their aspirations with the challenges of board examinations and future career planning. Transitions can be both invigorating and overwhelming—the thrill of new subjects, teachers, and responsibilities is accompanied by the pressure to perform and adapt. However, with guidance from experienced teachers, structured learning, and a supportive school environment, students are encouraged to navigate this change with confidence and resilience. As SRCS embarks on this new academic session, students are reminded that every new beginning is an opportunity for growth, discovery, and excellence. With dedication, focus, and perseverance, the journey ahead promises to be one of learning, achievement, and success. Here's to a fulfilling and enriching year ahead!

## Parent-Teacher Meetings: Strengthening Collaboration for Student Success

At SRCS, Parent-Teacher Meetings (PTMs) were conducted for Classes 8, 9, and 11, as well as for Classes M2 to 7, on different days, following the final examinations. These interactive sessions served as a valuable platform for parents and teachers to discuss students' academic progress, strengths, and areas for improvement. For Classes 8, 9, and 11, the PTM focused on exam performance, subject-wise feedback, and strategies for the upcoming academic year. Teachers provided insights into students' grasp of concepts, work habits, and overall progress, ensuring that both parents and students are well-prepared for the challenges of higher classes. Similarly, for the younger students of M2 to 7, the PTM was a blend of reflection and encouragement. Teachers highlighted students' learning journeys, participation in activities, and holistic development. Parents were given suggestions on how to support their children's academic and emotional well-being as they transition to the next grade. These meetings reinforced the strong partnership between parents and educators, ensuring a supportive and enriching learning environment for students. With shared goals and collaborative efforts, SRCS continues to nurture excellence and holistic growth in every child.

## SRCS Students Successfully Complete IITM School Connect Program

The IITM School Connect Program, an initiative by IIT Madras, offers online certificate courses in "Data Science and Artificial Intelligence" and "Electronic Systems" for Class XI and XII students. This program provides students with hands-on career exposure, helping them make informed decisions about their higher education and future careers. Our students enthusiastically registered for the third batch, which commenced on January 5th and concluded on March 20th. A total of 14 students participated—13 students opted for Data Science and Artificial Intelligence, while one student pursued Electronic Systems.

### Upon completion of the program:

8 students received Participation Certificates, as they did not appear for the final optional exam.

6 students earned the Certificate of Completion, having successfully cleared the final optional exam.

Additionally, our School SPOC (Single Point of Contact) was honored with a Certificate of Appreciation for their instrumental role in facilitating the IITM School Connect Program at SRCS.

We applaud our students and faculty for their dedication and look forward to more such enriching learning opportunities!

# Vibe. Splash. Repeat.

"असतो मा सद्गमय, तमसो मा ज्योतिर्गमय, मृत्योर्मा अमृतं गमय।"

*Lead us from untruth to truth, from darkness to light, from death to immortality*

On the auspicious eve of Holika Dahan, the SRCS boarding campus glowed with the sacred flames, symbolizing the victory of good over evil. Our esteemed Principal, Dr. Arvindanabh Shukla, led the puja and lit the pyre, invoking blessings of positivity and renewal. As the fire consumed all negativity, hearts were filled with warmth, devotion, and the joy of new beginnings. The vibrant spirit of Holi truly came alive at SRCS the next day, as students, teachers, and staff gathered to celebrate with enthusiasm and joy. The campus resonated with playful color throws, rhythmic beats of festive music, and the aroma of traditional delicacies, creating an atmosphere of unity, happiness, and shared cultural heritage. The two-day celebration infused new energy into the campus, leaving everyone with cherished memories and a renewed spirit of togetherness. Wishing everyone a Holi filled with colors of love, laughter, and prosperity!

## Science Mela Sparks Innovation at SRCS

The Science Mela held at SRCS on 28th February 2025 was a vibrant celebration of creativity, innovation, and scientific curiosity. Centered around the theme "Hands-on Experiments and Student Models," the event provided a dynamic platform for students to showcase their understanding of scientific concepts through interactive experiments and innovative models. The enthusiasm and determination of the students were evident in their meticulously prepared projects, each brimming with ingenuity and excitement. Their passion for science transformed the event into a lively and engaging experience, where learning came to life through practical demonstrations and thought-provoking displays. Adding to the event's significance was the presence of Dr. Nilanjana Banerjee as the Chief Guest. She not only appreciated the students' efforts but also motivated them with her kind words, encouraging them to continue exploring the wonders of science with the same zeal and curiosity. The Science Mela truly reflected the spirit of exploration, teamwork, and dedication, leaving everyone inspired and eager to delve deeper into the fascinating world of science.
